On behalf of the Medina City Schools, I welcome you to this interscholastic athletic event. Thank you for supporting our athletic programs.

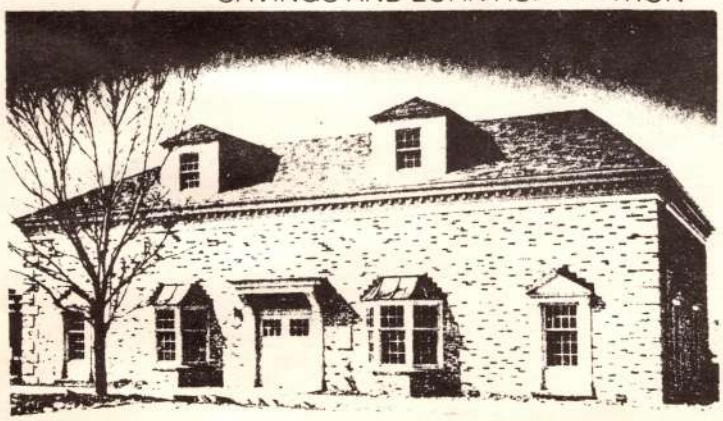

Our coaches and team members are dedicated to giving their finest efforts in the spirit of competition and good sportsmanship. We can be proud of our young people and their commitment to excellence.

Interscholastic athletics are a very important part of our total school program. They not only provide competition for the participants, but also involvement for the total student body. We must be determined to maintain quality in all areas of our school curriculum. Thank you for your continued encouragement and support.

NUMBER ONE IN OHIO

The Beacon Journal has the best sports coverage of any newspaper in the state, according to the Ohio Associated Press Writers' Association.

In a recent contest, we were judged as having the best writing, best editorials, best headlines, national coverage and state and local stories. That means Beacon Journal readers not only know the score, but all the reasons why. So for the best sports coverage of pro, college or local teams, remember — nobody even comes close to covering sports like the Beacon Journal.

Call us for home delivery, 375-8140.

The Beacon Journal

The athletic program is an essential part of the co-curricular activities at Medina Senior High School. To help promote this program the Boosters' Club has given generously of its time and effort in order to provide much needed financial support. Without its help the program we have today would not be possible.

The staff and students at the high school have great appreciation for the work of the Boosters' Club and recommend the organization to you as one worthy of your support.

The Marine Corps' Delayed Entry Program is for people who know what they want, now. If you're a high school senior, you can enlist in the Corps, get a good look at the benefits we have to offer, and wait until graduation, or up to one full year before entering. Ask your local recruiter about the DEP program. It gives you more to look forward to than a cap and gown; you'll be graduating to the Marines.

THE MOST IMPORTANT BOOK A HIGH SCHOOL STUDENT MAY EVER READ.

It takes more than brains to go to college. It takes money. For tuition, room, board, and books.

To help meet these costs, the Army proudly introduces the Army College Fund. You can join it, upon qualifying, when you join the Army.

For every dollar you put in, Uncle Sam puts in five. Or more. So, after just two years in the Army, you can have up to $15,200 for college.

Call or stop by for your free copy of the Army College Fund booklet. It's an education in itself.

The Road Runners, an associate division of the Medina Chamber of Commerce, are civic-minded businessmen whose duties and livelihood carry them outside of our area for the better part of every working week.

These men are interested in our community's growth and progress and are applying their professional backgrounds to the success of our city and local Chamber of Commerce.

A representative number of Road Runners are dedicating this page to the success of the Medina Athletic Program.

Sing the praise of our Medina
To her we'll ever be true
Joining all in each endeavor
Each day our purpose renew
Courage ever showing
Strength is ever growing
On to victory going
FIGHT, MEDINA!
Sing the praise of our Medina
To her we'll ever be true

FIGHT SONG

Fight the team across the field
Show them Medina's here
Set the earth reverberating
With a mighty cheer
Rah, rah, rah
Hit them hard and see how they fall
